

Make a jigsaw inspired by one of our favourite stories, *The Old Woman Who Lived in a Shoe*.

What you need

- glue stick
- scissors
- coloured paper
- a black felt tip pen

What to do

1. Draw a boot shape on your coloured paper.
2. Draw a roof, two windows and a door on other pieces of paper.
3. Cut out the shapes and add some more detail to the windows and the door.
4. Glue the windows, the roof, and the door onto the boot.
5. Cut the house into 5 big pieces - these are now pieces of your jigsaw!
6. Have fun putting the jigsaw pieces together again.
