

Make these beautiful handprint lilies to give to someone special.

## What you need

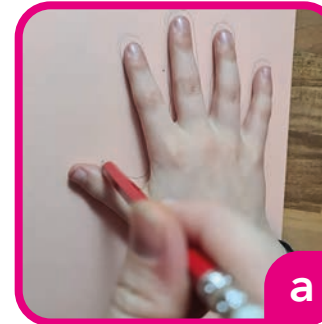

- coloured card/paper
- pipe cleaners
- ribbon
- scissors
- glue/tape
- a pencil

## What to do

1. Draw around your hand onto the coloured paper. Draw 3-4 hands to make a bouquet.

**Tip:** leave a bit of space between the handprints so that they're easier to cut out.

2. Carefully cut out your handprints.
3. Roll your handprints at the sides until the two edges meet and make a tube shape. The fingers are the petals and the bottom of your handprint is the bottom of the flower.
4. Thread a pipe cleaner through the hole at the bottom of the flower until it peeks out at the top. Use tape/glue to secure it in place.

5. Roll each petal outwards around the pencil.
6. Wind the yellow pipe cleaner around the top of the green pipe cleaner inside the flower.
7. Bundle your bouquet of flowers together using a piece of ribbon and give them to someone special.
