

## What you need

- paints
- paintbrush
- felt tip pens
- glue stick
- coloured card or paper
- cotton wool
- googly eyes (optional)

## What to do

1. Paint your hands different colours. We used brown for the horse, yellow for the chicken, white for the cow, black and white for the sheep.
2. Press your painted hands onto the paper. Make sure you push down firmly.
3. Carefully remove your hand from the paper. Don't forget to wash your hands!
4. Add extra details to your animals - draw on a tail, eyes, ears, a head, and stick cotton wool to the sheep.
